

THE FLORIDA 28

Find your college. Find the right starting point. Make your next move.

These are Checkmate guides referencing each college's own published resources—not official college publications, complete policy guides, or access to your private student account.

OFFICIAL SOURCE WINS. Resource links are a reference snapshot from October 2026, not proof that every link or policy is current. Confirm dates, eligibility, contacts and program requirements on the college's live official page. School colors follow published college standards where verified, otherwise use provisional Checkmate navigation palettes. These are independent guides and no college endorsement is implied.
